Atty. Dkt. No.: GTI-1360-CT

REMARKS

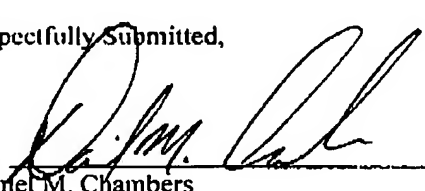

Claims 1-113 were filed in the original application. On March 29, 2004, Applicants filed two claim sets as part of this continuation application as follows: Claim Set A - claims 1-113; and Claim Set B - claims 48-67. As part of this continuation application, Applicants are withdrawing Claim Set B - claims 48-67 and are canceling Claim Set A - claims 1-113. Applicants are adding new claims 114-132. Notwithstanding this amendment, Applicants reserve the right to pursue subject matter no longer or not yet claimed in this or a related application. These amendments add no new matter and are fully supported by the specification and claims as originally filed.

Applicants respectfully request consideration of the invention bounded by claims 114-132, which they believe are in condition for allowance. Accordingly, they respectfully request an early notice to such effect. Of course, if there are any issues or questions that can be addressed without the need for a formal action and response thereto, the Examiner is encouraged to telephone the undersigned at (858) 350-9690 so that they may be promptly resolved.

No fees are believed to be due with this submission. Should any fee(s) be due at this time, please call me at (858) 350-9690.

Respectfully Submitted,
